**CNG (CYCLE NETWORK GROW)
AROUND THE WORLD IN 80 DAYS
AW80D 6.0 (2026)**

1. Important Dates:

- a) Registration Starts: 8th March 2026 (Sunday)
- b) Registration Closes: 27th March 2026 (Friday)
- c) Team Formation: 29th March 2026 (Sunday) (BY DRAW OF LOTTERY)
- d) Start Date: 3rd April 2026 (Friday)
- e) End Date: 21st June 2026 (Sunday)

2. Registration Charges: Rs 699.00 per rider

3. Registration Website: www.LetsCNG.com

4. Prizes: Medals, Certificates, Booster Prizes & Mementos for Top Riders.

5. The Concept:

- a) Around the world in 80 days i.e. 40,075 kilometres (Circumference of the Earth).
- b) Multiple teams, each team of 24 riders must cycle 40,075 kilometres in 80 days.
- c) Team names are inspired and derived from airlines flown by different countries across the world. For example: Singapore Airlines, Canada Air, Fly Japan etc.
- d) Each Team will have a Captain and a First Officer with whom Air Traffic Control ('ATC') will communicate.
- e) Captain and First Officer will be decided by the Air Traffic Control ('ATC'), taking into considerations the suggestions by teams.
- f) *In 80 days there will be multiple small surprises and challenges, which we call **BOOSTER** Weeks. Tighten your seatbelts to experience **TURBULENCE**.*

6. Qualification Criteria:

- a) Minimum 40,075 kilometres of riding by each Team of 24 riders in 80 days
- b) For the purpose of total Team kilometres, **at a given point of time only top 20 riders data will be considered.**
- c) Medals to Finishers:
 - i. **Finisher** - To qualify for medal each rider must complete **1500 kilometres in 80 days.**
 - ii. As soon as the rider completes 1500 kilometres in 80 days, they establish their claim over a shining medal. They can further promote their medal rank by getting more points. Medal criterion is as follows:
 - **Gold** 🏆 All riders who have 7500 points or more.
 - **Silver** 🥈 All riders who have 5000 points or more but less than 7500 points
 - **Bronze** 🥉 All riders who have less than 5000 points.
 - iii. **Clarification:** For earning a medal, only 1500 km is the criteria and elevation will not be considered. Elevation will be considered only for ranking purposes. Detailed explanation is given in point no. 9 below.
- d) **Certificates:** Specially designed certificates for each finisher.
- e) Rider will get the medal if he/she rides 1500 kilometres in 80 days, irrespective of the fact that his/her Team qualifies or not.

- f) If any rider fails to complete the minimum requirement of 1,500 kilometres, but the team's top 20 riders collectively achieve 40,075 kilometres, the team will qualify. However, that individual rider will not be eligible for a medal.
- g) No Maximum limit on kilometres covered by an individual rider.
- h) Activity below 20 kilometres in a single ride won't be added/considered.
- i) Multiple rides in a day are allowed, subject to a minimum of 20 km/ride.

7. Important STRAVA Rules & Clarifications

- a) For the purpose of validation, the ride start date recorded on Strava shall be treated as the date of the ride.
- b) INDOOR CYCLING is allowed, only if it can be recorded on a smart device and it can be Synced with Strava. There will be NO elevation points for INDOOR RIDES.
- c) Maximum distance that can be covered by indoor cycling is 100 km in a day.
- d) The **Elapsed Time** for an indoor & outdoor cycling ride canNOT exceed 3 times the riding time.
- e) No ride under 20 kilometres as per Strava will be considered under any circumstances.
- f) In case two rides of a rider overlaps (due to use of multiple devices) at any given point of time, only the longest ride will be considered.
- g) Strava profiles of all riders must always be public and accessible during the event. Repeated non-compliance might lead to disqualification of the rider from the event.
- h) NO tagged rides on Strava, tagged rides will not to be considered.
- i) If a ride is FLAGGED – discuss with your Captain/First Officer and they will sort it out with Air Traffic Control ('ATC').
- j) *It is advised to ride few meters extra and not to stop at exact 20 kilometres, as because there may be few meters of data loss post transfer from a smart device to Strava. Example: 19.99 kilometres on Strava is not 20 kilometres and will not be considered.*

8. Management:

- a) Each Team will have a Captain and First Officer with whom ATC will communicate.
- b) Each Team will have a separate WhatsApp Group (Group Admins will be allocated by ATC)
- c) All the rider's Strava Account should be mandatorily linked to our website www.letscng.com and ride data for the period will be pulled directly by the website from riders Strava Account.
- d) In case of any dispute or ambiguity, decision of ATC will be final and binding.

9. Ranking of Players & Team:

For ranking of Teams and Players, both Kilometer & Elevation will be considered separately. How points will be calculated:

- a) Distance: One Kilometer = 1 Point.
- b) Elevation: 2.5 Meters = 1 Point, maximum points for elevation will be 1.75 times of km covered. No elevation points will be allocated for INDOOR RIDES.
- c) No rider can earn more than 1.75 times points for elevation than the distance covered.
- d) Total Points = Distance Points + Elevation Points.
- e) In case of tie in points amongst two riders or teams, kilometers covered will be considered for ranking.

f) Examples of point system:

Ride Distance (Kilometers)	Ride Elevation (Meters)	Points for Kilometers Covered	Points for Elevation	Total Points Earned
A	B	C = A	D = (B/2.5)	E = C + D
20	40	20	16 (40/2.50)	36
25	100	25	40 (100/2.50)	65
37.50 (Indoor Ride)	195	37.50	Zero (No elevation points for Indoor Rides)	37.50
40	90	40	36 (90/2.50)	76
52	280	52	104 (280/2.50 = 112, but one cannot get points for elevation which is more than 1.75 of his Km covered i.e. 52km x 1.75 = 91)	52+91 = 143
75.50	170	75.50	68 (170/2.50 = 68)	75.50 + 68 = 143.50
101.75	680	101.75	203.50 (680/2.50 = 272, but one cannot get points for elevation which is more than 1.75 of his Km covered i.e. 101.75km x 1.75 = 178.06)	101.75 + 178.06 = 279.81

10. Booster Weeks:

- In 80 days there will be multiple surprises and challenges, which we call **Booster Weeks**.
- The dates and format of Booster Weeks will be announced 72 hours before the start for the said Booster week. The goal for such week is to maintain the excitement of the event.
- There will be special prizes to be won during Booster weeks.

11. Special prizes for TOP performers:

Leaderboard of the event on www.letscng.com website will show:

- Based on Kilometers: Top 10 Male Riders and Top 5 Female Riders.** These riders will get personalised memento apart from Medal & Certificate.
- Based on Elevation: Top 10 Male Riders and Top 5 Female Riders.** These riders will get personalised memento apart from Medal & Certificate.

12. Replacement Policy:

- a) **Eligibility for Replacement** - Replacements shall be permitted only under the following circumstances:
 - (i) The rider formally communicates, on or before 11:59 PM on Sunday, 5 April 2026, their inability or unwillingness to participate; or
 - (ii) The rider fails to communicate or respond to the Air Traffic Control (ATC) on or before 11:59 PM on Sunday, 5 April 2026.
- b) Once a replacement decision has been taken by the ATC, the outgoing/replaced rider shall not be permitted to join the event at any later stage.
- c) **No refund** of registration fees shall be admissible to the outgoing or replaced rider under any circumstances.
- d) Selection of the replacement rider shall be at the sole discretion of the ATC.
- e) **Fresh registration** charges shall be applicable to the replacement rider.
- f) Any kilometres covered by the outgoing/replaced rider shall not be counted or considered. However, kilometres covered by the incoming/replacement rider shall be counted from 3rd April 2026 (the official start of the event).
- g) As ATC has allowed 4 additional riders in each team, replacement will **NOT** be provided under any other circumstances apart from what has been mentioned under this Replacement Policy.
